# For The Budget

To The Commissioners of Jay Co.

Dear Commissioners,

We're some very concerned citizens of Jay Co. concerning the laying off of nine deputies in the County. We ask that this doesn't happen as we need the law enforcement. If need be, please find some other areas in which you can make the cuts so we may keep our deputies.

Yours truly,

To Whom It May Concern:

I am a citizen and business owner in Spring Dale. Many times I have had to call for assistance from our sheriff's dept.

Some times it has taken as long as two (2) hrs. for them to ans. my call.

We need our law officers, I feel it would be a great disaster to our county to cut back the Sheriff Dept.

I know our State is in great financial state right now. But I feel there is other ways to cut back rather than to take our protection away from us.

With the financial and unemployment being as it is the crime is going up and I know because I have been a victim.

Please do not cut back on our sheriffs.

Thank you

Office of County Commissioners  
Fayette County Courthouse

Dear Sirs:

We urgently ask you as County Commissioners to reconsider cutting the sheriff's department budget. The proposal to cut the budget for Fayette County's Sheriff's Department by \$200,000 would be a tragedy to our county. With a county so wide spread and rural, a cut in personnel would completely do away with law enforcement of any kind in Meadow Bridge and the surrounding areas.

We all understand the need to cut back on spending but it seems that priorities are misguided to allow monies to be appropriated for less important areas. As county tax payors, we would like to continue seeing deputies in our location.

Thank you for your kind attention.

Sincerely,
